

Corymbia ficifolia 'Petite Orange'

Brilliant orange terminal flowers appear in summer on this small, compact grafted native tree. Ideal for use as a hedge or planted in large pots on patio's or balconies. When planting, use a slow release low phosphorous native fertilizer and mulch well to suppress weeds. Trim to suit after flowering.

Height – Up to 3m. Width – Up to 2m.

Prefers full sun to part shade

Drought tolerant once established

Grafted onto hardy rootstock to establish in varying soil conditions

Suitable for most Southern Australian conditions
